DIARY NOTES

DD/S

15 March 1966

25X1A

1. Demonstration of Security [REDACTED] called to advise that a special demonstration has been set up in the DCI Conference Room at 5:30 p.m. today for Mr. Helms, Colonel White, and others. I will attend. The DCI has already had a practical briefing on this technique.

25X1A

2. Visits of Employee Families to Headquarters Building - Colonel White called to advise that the question of families of employees visiting the Headquarters building had recently come up in discussion and the DCI expressed interest in something being done. [REDACTED] for DD/P supported the proposal. Mr. Helms approved the idea in principle and asked that it be staffed out and submitted to him for final approval. Mr. Helms specified that we have to have a programmed visit that makes a real impression. Colonel White offered several suggestions, such as the visit being on a Saturday afternoon, perhaps with lunch and visits to the library, auditorium, etc. He asked that I take this over and organize it with the other Directorates and submit a proposal to Mr. Helms.

3. Alcoholism Briefing - Colonel White asked the status of the proposed program on alcoholism. I will take this up with Dr. Tietjen on Wednesday.

4. Manpower Review of OSA - John Clarke called to advise that a manpower review of OSA had been agreed upon by the DDS&T. They failed to include a representative from Personnel on the team and he called to get my approval for such action, providing Colonel White also concurs. I agreed this should be done.

5. Colonel White advised he is going on leave tomorrow and will return the 28th of March. No one will be acting in his place but [REDACTED] will continue to do staffing services.

25X1A

6. Edward W. O'Brien--St. Louis Globe--Democrat - The DCI hosted a luncheon for Mr. O'Brien, followed by a briefing on essential elements of the Agency. Colonel White, Ed Proctor, John Clarke, [REDACTED] and I were present. Mr. O'Brien had few questions but seemed most impressed with what he was told and the courtesy extended to him during this visit.
